OUR FLEET >

OUR FLEET

We operate a modern fleet of articulated vehicles, including 21 Tractor Units and 40 trailers; all latest specification, maximum length 13.6 metre tautliners conforming to comply with International Legislation. Many of our trailers are equipped with a sliding roof; enabling customers to load overhead by mobile or gantry crane.

All of our vehicles are meticulously maintenance through our own fully equipped workshops ensuring that our customers loads are collected and delivered on time every time.

We also have satellite tracking equipment installed for our customers peace of mind.
